

Internships

Find out how you can become a part of a dynamic team

About the programme

This 12-week internship is designed to give you direct experience of the work we do at GCX. You'll learn about the vital role GCX plays in Ghana, get involved in exciting project work, and see first-hand what we're doing to make a difference in the agricultural economy.

You'll receive transportation expenses and lunch.

The internship will provide a great opportunity to:

- Develop your skills, and build some new ones
- Meet new people and grow your professional network
- Deepen your understanding of business in general, with a focus on a core function
- Experience our team culture and values
- Get stuck into a real-life project and add value to our business
- Gain valuable career experience, which will inspire your future career choices

On top of all that, you will leave with at least a basic understanding of the functioning of a Commodities Exchange.

We are looking for talented and passionate people, who'll make a difference to our business in the long term. This gives you a great opportunity; if you complete the internship successfully, and enjoy your experience, there could be a future job for you at GCX.

Areas of Work Experience & Application

Our work ensures the smooth running of every aspect of the organisation.

You may be on rotation in the organisation or may be stationed in a particular department. In each case, you will have the opportunity to develop a wide range of skills. There are many roles, from highly quantitative positions in Data Research or Risk, analytical positions in Regulation, administration skills in HR or Procurement, and those requiring excellent communication skills in Business Development.

You will have a great deal of responsibility and play a critical role from the onset. Our teams small today, providing plenty of career opportunities that can open up.

Programme Overview

The internship starts with an induction. You'll then begin a 12-week placement, where you'll attend training workshops, get involved with our day to day work in whichever department you are placed, and take part in an assigned project.

In the last week, you'll be assessed against what you've learnt, where you'll have the chance to reflect on and demonstrate this.

For the full 12 weeks, you will have a line manager who will provide you with guidance and support throughout the programme, including discussing your career options.

Eligibility

To be eligible for our internship programme, you'll need to be in your final year of a university degree, finished university and looking for employment or in-between jobs, with a minimum 2:2 degree.

We'll be looking out for people who are / have:

- Talented and highly motivated
- Quick learners & adaptable
- Results-oriented
- Curious and creative
- Strong intellectual capability
- Good relationship building skills
- Strong communication and organisational skills
